## PETREE CELLARS 2015 CABERNET SAUVIGNON NAPA VALLEY

From the first crush in 2007, our family was hooked on winemaking. From the picking to the pressing, we were all involved in the production. Our garage and wine cellar soon became a wine production facility full of equipment and barrels. In addition to our backyard vineyard, we sourced fruit from Napa Valley, Santa Lucia Highlands, and El Dorado AVA. Sharing this passion with friends in the vineyard, at the crush pad, and on the dinner table was a very rewarding pursuit. With a desire to produce exceptional wine for the commercial market, we partnered with a wine maker, contracted with a custom crush facility, and fermented five tons of Napa Valley Cabernet Sauvignon in 2013. We look forward to sharing our passion with you!

## CONVEXITY VINEYARDS 2014 CABERNET SAUVIGNON NAPA VALLEY

The name Convexity means a rounded curve joining two points on a graph. Convexity also represents the elegant arc of a business relationship formed by bringing together the smart eye for long-term investment with the craft of an excellent winemaker and Napa premier vineyards. Thus, Convexity represents the best investment — making classic, premium quality Napa Valley Cabernet.

In making Convexity, winemaker Steve Matthiasson hand selected vineyard sites throughout the Napa Valley for this exclusive blend; predominantly from the Red Hen Vineyard. The grapes were harvested with a level of freshness rarely found in Napa Cabernet. This wine has vividly preserved flavors and is aged in neutral oak barrels with 20% new oak to round out the flavors.
